

HEALTHCARE SOLUTIONS

Polytex Increases Hygiene and Convenience for Healthcare Professionals

In the healthcare industry maintaining hygiene standards is vital. Hospital facilities need to be clinically clean and healthcare staff need a consistent supply of fresh clean uniforms on a daily basis. Polytex takes care of the entire workwear collection and return process to make sure that clean and hygienic uniforms are ready for staff to start their work each day.

Monitor and Control Inventory

Monitor and control workwear inventory levels according to type of workwear, color and size. Simplify inventory management process to ensure accurate and timely availability of workwear items for each department or team.

Increase Convenience for Hospital Staff

Make sure medical teams get the right item of clothing in the right size at the right location whenever they need them. Medical staff simply swipe a personalized magnetic card from a Polytex machine located at a convenient location anywhere in the hospital.

Reduce Cost of Non-Returned Scrubs

Eliminate the cost of purchasing new scrubs to replace lost or non-returned items. With Polytex, hospitals can track workwear usage and non-returned clothing by providing medical staff with a personalized magnetic swipe card.

Protect Medical Teams and Patients

Polytex minimizes the risk of infection and contamination by providing a consistent supply of fresh clean scrubs, towels and bed linen. All items are distributed and collected via a fully automated, hands-free, self service system.

Our Value Proposition

Polytex solutions minimize the risk of infection and contamination in hospital facilities, increase convenience for hospital staff and lead to significant cost reduction for replacement of lost or non-returned workwear items.
